Recommended Citation

(2012) "Copyright Page," *National Quail Symposium Proceedings*: Vol. 7 , Article 138.

Available at: <https://trace.tennessee.edu/nqsp/vol7/iss1/138>

This article is brought to you freely and openly by Volunteer, Open-access, Library-hosted Journals (VOL Journals), published in partnership with The University of Tennessee (UT) University Libraries. This article has been accepted for inclusion in National Quail Symposium Proceedings by an authorized editor. For more information, please visit <https://trace.tennessee.edu/nqsp>.

The Quail VII logo, featuring Gambel's quail, Montezuma quail, northern bobwhite, and scaled quail (top, clockwise, respectively), was drawn by Audrey K. Owens, Wildlife Specialist, Arizona Game and Fish Department, Phoenix.

The cover landscape photo is of typical grassland habitat used by scaled quail, located in the Las Cienegas National Conservation Area. Photographed by Heather Inman, Communications Specialist, University of Tennessee, Knoxville.
